Redlands Singers To Perform Here For Student Body

The University of Redlands concert choir will present a concert for the student body of Hartnell college in the men's gymnasium from 2 to 3 p.m. February 2.

The choir, under direction of Professor Erwin Ruff, appears in various high schools and churches throughout the state, and between-semester tours have become an annual event.

Forty students are in the choir. They represent nearly every department of the university.

Repertoire of the choir includes: "Amahl and the Night Visitors," a contemporary religious opera by Gian-Carlo Menotti; "In the Beginning," the story of the creation, by Aaron Copeland, and the Latouche-Robinson arrangement of "Ballad for Americans." The singers will present a program of secular and sacred music, and will feature their male quartet and university girls' trio.

Dr. McCallum Has Vacation In Hawaii

By JOE MARAS

With the coming of the Christmas vacation, Dr. William J. McCallum and his wife left for a two-week sojourn to the Hawaiian islands. The purpose of the trip was to visit his daughter and son-in-law, Mr. and Mrs. Ronald Bepb, and infant granddaughter whom the grandparents have never seen.

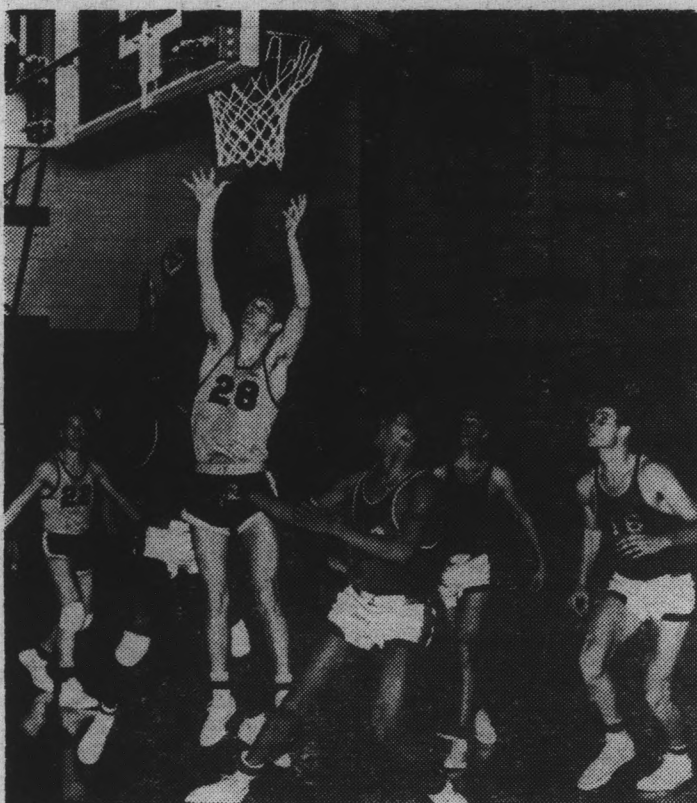

The McCallums travel to the islands by air, via Pan-American airways. The time consumed before sitting down at the International airport in Hawaii was approximately 12 hours.

Dr. McCallum, while a naval officer in World War II, spent considerable time there and consequently was not impressed by the garden spot of the Pacific. He and his family toured the main island of Hilo, including the famous Waikiki beach and the equally famous Diamond Head mountain. His final consensus of the trip was that the islands did not change radically in his absence of nearly 10 years.

Since the Christmas season was near, he played the role of a Polynesian Santa Claus and brought back gifts for the commission members.

The girls were recipients of colorful orchid leis and the men, a surprise which unfortunately was lost somewhere between the islands and Salinas.

Glenn Tucker Scores For Panthers

■ Glenn Tucker, No. 28, Hartnell forward, drops in two pointer in Panthers' 67-61 Coast conference win over East Contra Costa last Friday night. Looking on for Hartnell is Bill Cox, No. 22. Tucker tallied 24 points to pace the Panthers to victory in one of the best games of the season here.

Perelli-Minetti, Switzer Quit Commission: Eris Compliments Both, Seek Replacements

Ted Switzer, commissioner of rallies and assemblies, and Barbara Perelli-Minetti, commissioner of social activities, both tendered resignations to the ASB commissioners this week.

Switzer is resigning due to pressure of school work and Miss Perelli-Minetti will transfer to University of San Francisco at the end of this semester.

Switzer was elected by a high margin at last year's elections and Miss Perelli-Minetti was appointed at the beginning of this term after Katherine Copeland resigned to attend San Jose State.

Commissioners Complimented
President Rene Eris this week complimented both commissioners on a "job well done."

"Both commission members have shown outstanding devotion to their duties, tackled all jobs with efficiency and untiring effort, and worked in perfect harmony with students and other commissioners," he said.

"Miss Perelli-Minetti worked assiduously on the Winter ball and other ASB dances and constructed a concrete social activities program

(Continued on Page 2)

Machines Smashed By Holiday Vandals

Vandals broke into the student union cafeteria over the Christmas holidays and caused considerable damage to the cigarette machine and record player.

On December 21 the sliding glass door of the cafeteria was broken open and had to be wired as a temporary measure. The following night the wire was snapped and vandals went to work inside, after crushing a wastepaper basket and tipping a drinking fountain in the court.

The cigarette machine, belonging to Lauritson and Doda, was damaged to the extent of \$75 and the record player, the property of

Dr. Ching Reveals The Board's Decision To Commissioners

Dr. J. Frederic Ching, superintendent of Hartnell Junior college district, told the Hartnell college ASB commissioners on Monday that the board of trustees will return the \$1,000 paid by students into the board's student union furniture repayment and repair fund.

In a surprise move, Dr. Ching appeared before the commission at their regular meeting and reported on the board's decision to grant a waiver to this year's commission on payment to the fund. He added that future student bodies would be assessed at a rate of 10 per cent of the total amount each year. Mr. Stuart Dufour, Hartnell president, who was also present at the session, estimated this would amount to approximately \$600 to \$700 per year.

In other action at the meeting a letter was read from G. Ed Adams, Hartnell athletic director, pertaining to a football game which will be played in King City next season.

Game at King City

Mr. Adams stated that plans are now on the fire to stage the scheduled game with Ventura J.C. on October 6 at King City high school stadium. The commissioners ap-

(Continued on Page 2)

La Reata Deadline Is Met By Staff; Bayford Is Praised

The first 47 pages of the 1956 La Reata went to press the last day before Christmas vacation, Mr. George Abbott, yearbook advisor, announces.

"Although the small staff has met with many difficulties this year, we were able to make our first deadline, thanks to some hard work during the last week by our staff and Mr. Silliman's photography class," Mr. Abbott said. He said it was necessary to call in a few members of the class during the holidays in order to "clean up a few odds and ends."

"Our editor, Roy Bayford, has done an outstanding job. Without his conscientious efforts, I doubt that we would have a year book this year," Mr. Abbott said.

The staff hopes to make its March 1 deadline on the organizations and activities sections. This will be difficult because of examination week and the change of students in the photography and yearbook classes, Mr. Abbott pointed out.

English Test Is Set Here January 20

English placement test will be given at Hartnell college's Little theater on January 20 at 1 p.m., it was announced this week by Stuart Dufour, Hartnell president.

All new students, enrolling for the spring semester, and all students who have not taken it or the University of California subject A examination are required to take this English placement test.

Registration for the spring semester which commences February 1, will be held January 30 and 31. Students whose last names run from A to L will register on Monday and he remainder will register on Tuesday. Registration hours are 8 a.m. to 4 p.m.

Hartnell Players Alter Production For March Show

"The Damask Cheek," originally intended to be the next production of the college-community players, will not be presented. In its place will be a mystery drama, "No Way Out."

It was discovered not too long ago by Hartnell drama director Mr. Hal Ulrici that the cost of putting on "The Damask Cheek" would be prohibitive. Costumes alone for it would cost \$175, equal to the entire cost for an average production here at Hartnell.

"No Way Out," the play now to go on, is one that Mr. Ulrici has had his eye on for a long time. It presents some difficulty since there is only one copy of the play book (Continued on Page 3)

Crowd Large for Ball; Travis Provides Music

About 102 couples attended the Winter ball held at the San Carlos hotel, Monterey, December 17. Chuck Travis' orchestra provided music for the affair which lasted from 10:30 to 1:30 A.M.

A buffet style supper of smorgasbord was served at midnight featuring turkey and ham cold cuts. The spacious dining room was brilliantly decorated in a winter theme.

Cost of the whole thing was \$575. Payment of the bill will be taken from the bid money and the social activity fund.

Tripp Vendors, was smashed and coins were taken.

Police and vending machine owners were notified immediately. No arrests have been made.

Student Cooperation Urged

Here we are back at school again. For some of us the vacation has been mostly work, for others mostly play. Some of us went away and some stayed home. Some celebrated excessively over the holidays, others didn't celebrate at all. The number and variety of things that Hartnell students did is amazing. However, there is one thing that we all have in common. We make up the student body of Hartnell college — all 900 and some-odd of us.

There are numerous things that 900 people can do when they work together. In the right place at the right time 900 people can win a war or an election. Nine hundred people can keep the peace where war would have been otherwise. They can be responsible for changing a whole governmental system. All they need is a common goal.

Our goal here is a fairly simple one — to get the best possible college education. To do this we have to work together to make our school a better one. This means school spirit.

Attending school functions whenever we are able is one aspect of school spirit. Not only do we each get our own personal benefits out of being there, but the student body is helped as well.

Another important part of school spirit is cooperation with school officials and observance of the few rules and regulations set down by the student government and other organizations.

Last, and perhaps the most important part of school spirit, is that little extra effort that it takes to switch from a spectator to a doer. Don't let others carry the ball in school and club activities. Pitch in! All 900 of us have to do this to make our learning experiences at Hartnell the best and most complete possible.

Beginning Journalism Course To Be Offered Next Semester

An introductory course in journalism will be offered next semester for the first time in several years, Mr. George Abbott, instructor, announces.

The course, listed in the catalogue as "journalism 20A," will be of value to prospective journalists and English majors who may someday be in charge of high school publications, according to Mr. Abbott.

In addition to pointing out the advantages and disadvantages of a journalistic career, the course will prepare students for work on student publications. Freshmen students who have completed their English A requirement and can type will be especially welcome. The course is open to sophomores. It will be taught Mondays, Wednesdays and Fridays from 1 p.m. until 2 p.m.

Outline Posted

A complete outline of the course is posted on the bulletin board in room 9.

Press photographers are also needed. Mr. Thomas Silliman will teach a graphic journalism course next semester by special arrangement. Those students with photography experience, or who are interested in learning press photography, should contact Mr. Silliman. Students who took Mr. Silliman's first semester photography course are urged to enroll in the graphic journalism course.

COMMISSION . . .

(Continued From Page 1)

for the school. Switzer brought top talent to school assemblies and staged rallies long to be remembered at Hartnell," Eris added.

Replacement Needed

The president also called for prospective candidates for the positions.

"Any student interested in the position of commissioner of rallies and assemblies or social activities should see me as soon as possible. The spots are open to any student

GREEN'S CAMERA SHOP

350 Main St., Salinas

Phone Company Will Seek Workers During Interviews

Representatives of Pacific Telephone and Telegraph company will visit Hartnell college on Jan. 17 to interview students who may be interested in working for their company.

The telephone company is looking for both men and women employees due to a large expansion program.

Jobs are open for men with a background in electricity, as equipment installers, linemen and central office equipment men. Other job openings are available for sales representatives. This is a customer contact job involving selling telephone equipment and public relations.

In addition to jobs as operators and on office staffs, positions are available for women as service representatives handling telephone contacts directly with customers pertaining to their accounts.

Hartnell Graduate Gets Overseas Job

Anna Gertrude Elkington, a 1951 graduate of Hartnell, has been transferred from her position at Fort Ord to the state department in Washington, D. C., for training for an overseas assignment.

Miss Elkington was a secretarial student in the Hartnell business department, and was graduated with honors. She is the daughter of Mr. and Mrs. A. G. Elkington, 134 Willow street, Salinas.

Mrs. Anne L. Harper, Hartnell placement bureau director, says the state department has informed her they are looking for additional secretaries of Miss Elkington's calibre and will be happy to receive applications from them after they are graduated from Hartnell.

Art Class Travels To See Art Exhibit

Ten Hartnell art students went on a field trip to San Francisco Saturday. While they were there they went through the De Young museum of art and saw a major theatrical production at the Curran theater.

The group left from the Hartnell parking lot at about 9:30 a.m. and proceeded directly to San Francisco. At the museum they viewed, among other things, a display of school children's art and another entitled "Five Centuries of German Art."

After looking over the museum, they went to the Curran theater to see the musical comedy "Can Can". The consensus of opinion was that it was a good show with its best point being modern dance routines.

Leaving the theater the group journeyed to Grisson's steak house on Van Ness avenue and ate dinner there.

On the trip were: Doris Kitamura, Esther Shikuma, Paul Munoz, John Laue, Evonne Stolting, Chester Amyx, Marietta Gonzales, Cynthia Schultz, Paul Eggers and Dave Urabe.

Panther's Claw

By CLIFF PLETSCHE

HERE WE GO AGAIN: It's been four restful weeks since you've been inflicted by these writings, dear reader, so how about a second chance. Maybe we have improved.

The four weeks mentioned have been happy, sad, gay, tragic, good, bad, just like any other four weeks in any other year. That's life. There was a fancy dance, flood and mud, gifts and rifts, THE Bowl and THE field goal, classes and passes, meets and heats, tests and rests, and generally fun by the ton.

SOMETHING WE CAN'T PASS OVER: When your 1956 La Reata comes out in June, you have only one person to thank, Roy Bayford. In September it looked like there wouldn't be one this year. Then Roy stepped forward and with a small crew has been working night and day to meet deadlines.

The day school resumed after the holidays Roy was back on the job working harder than ever to make sure that you, dear (and sometimes unworthy) collegians, get your annual on time. This was in spite of the fact that his father drowned during the Christmas flood in Santa Cruz.

FROM THE SCRATCH PAD: Arlene Olsen, last year's ASB veep, was back here recently for a breather from her nursing studies in San Jose. And to look over our new student union. And to meet old friends. And to collect some dough from J. W. . . . The Air Force has claimed Ken Kimes, or was it vice versa. . . . We're just dying to find out who it was that cracked his forehead while laughing at a joke in class a couple or three weeks back. Seems he went away forward in elation and bang! . . . Altar-bound: Marilyn Ingols and Chuck Bem (Santa Cruz); Myrna Bradley and Jack Alioto.

THE BABBLER AND THE TALBEARER: A certain prof here (name withheld for self-preservation) saw a sign in the hall the other day which read, "John B. Lemos Memorial Assembly January 7." The prof was thrown into a state of confusion and excitement until the year-old sign was chucked. . . . Quote of the week: Paul Egger's 11-year-old brother, Dennis: "They don't have human beings in Chile. They have Chile beings." Oh. . . . The incomparable Joe Maras borrowed a book from a teacher before a test in order to bone up. In the book on a series of three or four pages he found some check marks and underlining. This section Joe just plain memorized. And just plain got a high grade and the teacher is just plain still wondering. . . . Judy Woodward has fashioned a new type for journalists and printers. If you don't believe us, just ask her and she will tell you in her own shy way. . . . I'd make a crack about Prexy Rene Eris' spectacles but then I can't afford to pay for them.

NOTHING BUT NOTHING: Sam Zuckwert picked up or made up or did something up this one: "This whole set of problems in these United States could have been avoided if the Indians had enforced more stringent immigration laws." . . . Crocker, Bareng and Co. are ardent fans of T.V.'s "Mickey Mouse Club." They haven't missed a single showing. And Bareng can recite the complete Mickey Mouse club song, or motto, or something. . . . Pea Sea and Dee Sea are secretly engaged.

Well, what's this dept.: Tony Vargas forbade Marilyn Ross to get a haircut. . . . Back to Joe Maras (who, incidentally, gave the gals in the office a big bouquet of flowers after his vet checks finally came in after four months) and a quote from him: "I get a boot out of Daniels Shoe store."

Newman Club Has Breakfast Session

The Newman club installation breakfast was held following services at Sacred Heart church Sunday. Ten members attended club breakfast held at the home of Gloria Filice.

Members of the recently organized group include Robert Filice, Julia Bernadaschi, Pete Filice, Albert Burke, Barbara Perelli-Minetti, Maureen Slattery, Marietta Gonzales, Rene Eris, Cliff Pletschet, Eileen King and Norma Yappert.

THE COOL AND QUIET

By JOHN LAUE

As most jazz fans know, Metronome magazine has just completed its annual poll judging who the most popular artists are this year. Here are the first place winners: alto, Paul Desmond; tenor, Stan Getz; baritone, Gerry Mulligan; clarinet, Buddy DeFranco; trumpet, Dizzy Gillespie; trombone, J. J. Johnson; piano, Dave Brubeck; guitar, Johnny Smith; bass, Ray Brown; drums, Shelley Manne; vibes, Milt Jackson.

In the miscellaneous category, because these instrumentalists were not competing against a limited field such as the previously listed men were, we shall mention the first five. They are: John Graas, French horn; Don Elliot, mellophone; Bud Shank, Herbie Mann, and Sam Most, flutes.

It may come as a surprise to the uninitiated that instruments like the French horn and flutes should be mentioned here as being used in jazz. Jazzmen are every day finding out the possibilities afforded by new instruments. It is not uncommon to see at a jazz concert flutes, oboes, bassoons, cellos and many others usually thought of as not being jazz instruments.

And while we are on the subject of the best in jazz, it seems worth while to mention that people were being turned away at the door at Ella Fitzgerald's sell-out concert at Carmel Monday night. After putting extra seats even up on stage, Jimmy Lyons, sponsor of the concert, still had to say a good many sorry "no's" to people clamoring to hear Ella. He probably cried all the way to the bank.

Did you know about the Japanese system of jazz teahouses? Now operating in Japan are many places in which a person orders his favorite jazz numbers along with his tea. For the price of a cup of tea one can sit and enjoy modern sounds on hi-fi for the whole afternoon. This does bring up one question, though. What happens to the customer who orders "Tea for Two"?

Mrs. Spitler Joins Business Faculty

Mrs. Ottlie Spitler, former instructor at Salinas Union high school, is a new business teacher at Hartnell college. Mrs. Spitler was born and raised in Sunnyvale and attended school in that area until her graduation from Fremont Union high school.

She attended San Jose State college after high school and acquired her degree in business education. Before coming to Hartnell, she taught at Roosevelt Joint Union high school near Sacramento for three years, and was a part-time instructor at Salinas high school from 1950 until 1955. Her husband is assistant principal at Salinas Union high school.

She has two children and is an active member of several civic groups. She is also a member of the American Association of University Women.

Mr. Bullis Visits Engineer Session

Mr. R. M. Bullis, engineering instructor at Hartnell college, recently returned from a conference of the Society for Engineering Education held at California Institute of Technology at Pasadena, and attended by instructors from California, Arizona and Nevada.

Mr. Bullis reports that Cal Tech records show former Hartnell students have made good records at the southern institution.

Hartnell Offering Evening Subjects

Classes after the regular 5 o'clock termination time will be offered at Hartnell college provided sufficient interest is shown, Stuart Dufour, college president, announced this week.

Fifteen or more students must sign up before a class will be held and all classes must be in courses transferable to the state college or university. The classes will be open to anyone who meets the general college requirements.

Mr. Dufour stressed these will not be "hobby type" classes such as offered in the evening school but will be sound academic courses such as English 1A or chemistry 1A.

Further information may be secured by calling the college's administration office at 8057.

HARTNELL PLAYERS

(Continued From Page 1)
here and the book is out of print. Mr. Ulrici has asked special permission to stage the production.

Proceeds For Charity

The production is being underwritten by the Salinas Lions club which intends to give the money it makes to charity. The club has already told Mr. Ulrici that it will start selling tickets for the show about February 1 if this can be arranged.

Tryouts for the show will be held as soon as enough copies of the play book can be turned out.

The dates of presentation are March 9, 10, 16, and 17.

"I shall now illustrate what I have on my mind," said the professor as he erased the blackboard.

—ACP

University Representative Seeks Radiation Lab Workers

Robert H. Thompson, personnel director of the University of California and Atomic Energy Commission radiation laboratory, will interview students this morning in regard to positions at the laboratory.

Science and engineering majors are asked to come to room 13 at nine to hear Thompson advise students about work at the radiation laboratory.

Art Movie Series Began This Week For All Students

"Photography set to music" was the theme of "Pacific 2, 3, 1," a highly artistic movie shown at the college on Monday.

The film was the first in a series to be presented throughout the rest of the semester by the art department.

The film showed a train traveling through the picturesque French countryside. Camera angles, light, scenic shots, and other phases related to good photography, were stressed.

Mr. Thomas Silliman, art instructor, who initiated the series, urges all students to attend these highly educational and entertaining showings.

The next one, "The Photograph-

Permanent jobs are open for one and two year college students at the laboratory on the university campus in Berkeley.

Thompson will speak to Hartnell students as a group and in personal interviews. He will conduct similar interviews at Hartnell A and M. this afternoon.

Student Jewelry Work On Display in Library

Jewelry work of seven students from Mr. Thomas Silliman's crafts class is on display in the main library, according to Mr. Silliman.

The copper and silver objects were made by Eileen King, Enid Damaso, Nancy Hagler, Marietta Gonzales, Jean Johnson, Bob Rader and Mary Inori.

Hartnell Basketballers Lose To Reedley For Second Time

REEDLEY—The Hartnell Panthers journeyed to Reedley last Saturday to vie with the San Joaquin valley junior college five. Reedley emerged victorious by defeating the Panthers, 62-55.

Hartnell was sparked twice in the game. In the first quarter, the Panthers held a one point lead and in the second quarter the Harts pulled ahead to widen the margin by five points.

Hal Boutte, Panther center, paced his teammates with 19 points. Terry Miker, Reedley forward, held the high point honors for the night with 24 points.

Second Loss to Reedley

This is the second time Hartnell has met Reedley in the 1955-56 basketball season. Both times Hartnell has been defeated. The first time was in the Coast conference tournament when Reedley and Hartnell were battling for the consolation championship.

Hartnell has been practicing all last week in preparation for the weekend games with Monterey Peninsula college and San Jose State frosh.

Education, Sweets Gain Top Attention Of Chinese Student

By Mrs. Marjorie Hitchcock

In the United States you can learn and learn. And you can get your fill of ice cream. Both are the ultimate to Corinne Wing-Jing Jae, student at Hartnell college from the British colony of Hong Kong. Corinne spent several of the years when she might have been getting an education as a war refugee, fleeing from the Japanese in China. With her parents, her two younger brothers and sister, she moved many times and to many places. Each time the Japanese and the bombing and shelling came close, the family moved again.

The Chinese girl did attend school for a short time while they were in Canton, China, but it wasn't until the family was settled in Hong Kong, her father as a pharmacist, that she was able to attend Pooi To high school. But that was only for two years, and Chinese high schools require six years. During this time Corinne learned English by going to night school two hours a week at Hong Kong Government English institute. Lives in Salinas

Corinne's cousin, who is a native born citizen of the United States, applied for a student visa for Corinne, and the girl arrived in the United States in March of last year. She lives with her aunt and uncle in Salinas while attending Hartnell, and intends to remain here for three years. Before returning to Hong Kong, which is flooded with war refugees and is a difficult place to obtain employment, she hopes to become a trained hospital technician and thus be in a better position to earn her livelihood.

From magazine articles written by Chinese students who had returned from studying in United States, Corinne had learned so much about America that she was not greatly surprised at anything here. As a student she wears the

Cats Top ECC In 67-61 Tilt

BY MARON PHILLIPS

The Hartnell Panthers blasted a hopeful East Contra Costa five by the score of 67-61 in Friday night's conflict.

The season conference opener was significant in that Hartnell snapped the Vikings five-year winning streak over the Panthers.

The fracas was close all the way with East Contra Costa pulling ahead by one point twice in the second period. The Panthers started fast and led 10-2 before the Vikings removed the lid from the basket.

Panthers Gain Edge

Charles Jackson pulled the ECC team out in front by a well-executed basket. With six minutes left in the first half the Panthers scored a one point advantage over the Vikings. Hartnell drove ahead to a three point lead at half time.

The second half proved that Hartnell was in front to stay. The Harts started fast and off the buckets of Hal Boutte, Glenn Tucker and Ron Critchfield they rolled up a nine point lead, 39-30. The ECC quintet got the range and began to close up the margin in the last four minutes of play.

The scoring was slowed, but the Harts smooth ball handling pulled them through.

Tucker paced the Panthers by a tally of 24. The captain for the tilt, Hal Boutte, followed with a close 20. Dick Casper plunked in 12.

Hartnell Will Face San Jose Freshmen

Hartnell Panther basketballers will face strong opposition Saturday night when the San Jose State college freshman quintet invades the Hartnell men's gymnasium.

While no information had been received from San Jose at press time, the state college yearlings have always been a tough opponent for the Panthers. Hartnell will seek revenge for two losses last season.

same sweaters and skirts she wore in Hong Kong, although there, when attending parties, she did wear the Chinese robe.

The food is not greatly different, although rare steak, a delicacy to most Americans, is revolting raw meat to Corinne.

It is not because gentlemen prefer blonds that blonds, and red-heads too (natural or otherwise), bother Corinne. It is because they are such a shock to a girl who all her life has been accustomed to seeing people with the same coloring: black hair, dark eyes and yellow skin.

Panther Gridders Play Ventura On King City Field Next October

Hartnell footballers will play Ventura J.C. in King City October 6, Director of Athletics G. Ed Adams announced this week. The game will be played under the lights at the King City high school field.

It will be the first time Hartnell has played a "home" game away from home, Adams said, pointing out that five other games will be played in Salinas.

"King City has just come into our district. We hope this game will help make them feel they are a part of the district," commented Adams.

Facilities Offered

Mike McCormick, King City high school director of athletics, and Wayne Dawson, King City football coach, have been very cooperative with Hartnell officials and will make their facilities available to Hartnell and Ventura teams, according to Adams. Bod Gowder, Ventura director of athletics, has approved the slight change in the schedule, the Hartnell student commission has approved, and the King City superintendent of schools, Donald Ziegler, is favoring the new move.

"I'm all for it. I think it is a good idea," commented Stuart Dufour, Hartnell president. Dufour said if the arrangement is successful, he feels Hartnell should arrange to play a game each year in various communities in its educational area.

Panthers Capture Two Out of Three In Holiday Games

Over the Christmas holidays the Hartnell Panthers journeyed to Santa Maria as guests of Allen Hancock college to participate in the annual Holiday basketball tournament, December 28, 29 and 30.

The Panthers opened the competition by defeating Taft, 81-51. The Harts then faced Antelope Valley in the second game. Antelope dumped the Panthers, 95-78. The high scores were Ron Critchfield with 18 and Hal Boutte with 16. Antelope Valley's backboard artist, Tom Crenshaw, racked up 24 points.

Through cancellation at the last moment by the Monterey Lobos, Hartnell vied with Santa Barbara in the third game. The Panthers defeated Santa Barbara, 85-63. Dick Casper, Panther guard, paced his team with 24 points. Boutte trailed with 20 tallies.

Hartnell played the tournament games without the services of forward Bill Cox who was stranded in his Jerome, Idaho, home by snow and floods. Gus Andersen saw limited service because of an injury.

Palma High School Will Sponsor Dance

Girl students of Palma high school will sponsor a dance at their school Sunday night, proceeds to go to rehabilitating the flood damaged school at Yuba City.

Dance will be held from 8:30 to 11:30 p.m. It's open to the public with an admission charge of \$1.

The theme is "Stormy Weather." Rene Eris combo will donate their services.

Harts Bow, 68-47, Six Women To Get In Game At Menlo Volleyball Awards As Carter Nets 26

MENLO PARK—Hartnell Panther basketballers had their Coast conference title hopes sidetracked Tuesday night when they bowed to Menlo college, 68-47. Kent Carter, sharp-shooting guard, tallied 26 points to pace the winners. Carter had scored 38 points in a Coast conference tournament game here last month.

The Panthers hit with only 27 percent of their shots as their high scorer for the season, Center Hal Boutte, was held to five points and Glen Tucker, a starting forward, scored one. Ron Critchfield was high for Hartnell with 11 points.

The Panthers stayed on the heels of the Oaks during the first quarter but fell seven points behind in the second semester. Coach Ed Adams withdrew his regulars in favor of his reserves during the second half. Bill Rodriques sparked the second stringers until he left the game on fouls.

In the scoring column for the Panthers were: Bob Stevens, nine; Dick Casper, four; Bill Cox, two; John Vear, one; Don Lentz, two.

Six women will receive volleyball awards for their intramural volleyball participation from the Women's Athletic association. Evelyn Aledo, Dorothy Sarina, Marilyn Ross, Bernice Moretti, Carol Bernasconi and Dorothy Garcia are scheduled to receive the awards at a future assembly, Mrs. Jack Midgough, advisor, announced.

A WAA noon luncheon meeting was held recently to discuss the proposed archery, tennis, and badminton play day at San Francisco City college.

The group also discussed plans for the organization of a modern dance group. The dance group would meet after school to work out routines for performances.

Tentative plans were made for a tennis tournament with the Monterey Peninsula college WAA, to be held in January.

WAA members have been operating the candy booth at the Hartnell home basketball games for their winter project.

Payne, Boutte Are Selected To J.C. All-American Team

Rowland Payne, Hartnell tackle, and End Hal Boutte were given junior college all-American honorable mention in ratings released recently by the Williamson Rating System, Houston, Texas.

Jim Waddell, Compton halfback, was the only Hartnell opponent named to the first team. John Mastelotto, Yuba end, and Ed Burns, Menlo quarterback, were named to the second team.

Compton was rated the top junior college team in the nation by the Williamson ratings. Menlo was rated fifth, Yuba was twenty-third, and Fresno thirty-ninth. Among 169 junior college teams listed, Hartnell was rated fifty-third.

Among other Hartnell opponents, Porterville was rated forty-sixth, College of the Sequoias forty-ninth, Monterey fifty-sixth, Snow ninety-second, San Jose ninety-fourth, and East Contra Costa ninety-eighth.

On the four-year college level, Oklahoma was rated tops in the nation with Michigan State and Markland in a virtual tie for second place. Among California teams, U.C.L.A. was listed fourth and southern California twelfth.

season are: Gus Anderson, 32; Don Lintz, 14; Don Vear, 12; and Marty Munoz with 2 points.

Boutte Is Ahead In Scoring Race; Critchfield Trails

Still in the lead for Hartnell college basketball scoring honors is Hal Boutte with 182 points through Saturday's game with Reedley. Runnerup is Ron Critchfield, who until this week was only one point behind Boutte in scoring but has fallen 16 points behind since then. Glenn Tucker has hit for 116 points, and behind him, with 108 points, is Dick Casper who has been the play maker for the Panthers this season.

Bob Stevens has hit for 33 field goals and has added 37 more points via the free throw route for a 103 tally.

Bill Cox who has really sparked the ball club with his hustle and determined play and has posted 95 points in 10 games.
